PROFESSIONAL SUMMARY

Full-Stack MERN Developer with **1.5 years of hands-on experience** building and maintaining real-world web applications. Experienced in developing complete features including responsive, data-driven user interfaces, automated WhatsApp notifications, Razorpay payment integration, subscription management systems, and SEO improvements. Strong in working with MongoDB data models, integrating React frontends with Node.js and Express backends, and resolving live production issues. Focused on delivering scalable and reliable solutions that support business operations and revenue workflows.

Technical Skills

Frontend: React.js, React Hooks, Redux, TypeScript, JavaScript (ES6+), HTML5, CSS3, Bootstrap, SEO Implementation
Backend & Logic: Node.js, Express.js, REST-based integrations, Authentication
Database: MongoDB, Mongoose, SQL
Tools & Platforms: Git, GitHub, GitHub Co-pilot, VS Code, Cursor, npm, Postman, Docker, Jira, PowerBI

Professional Experience

Aii Venture Pvt Ltd | FULL STACK DEVELOPER   **Aug 2024 – Present**

GiftyGen | Mern Platform
- Built and maintained the subscription management system, including active plan details, renewal tracking, expiry detection, and visual status indicators.
- Integrated Razorpay payments, handling order creation, payment verification, and success/failure flows for secure online transactions.
- Designed and implemented automated WhatsApp notification flows for gift-card delivery, payment confirmations, reminders, and expiry alerts, reducing manual follow-ups.
- Connected frontend components with backend APIs to display real-time data, improving UI responsiveness and overall user experience.
- Fixed production bugs related to data inconsistencies, formatting issues, and frontend–backend communication.
- Performed end-to-end debugging and testing to ensure smooth and reliable user journeys across critical features.

STUDIESHQ | Frontend Developer Mern platform
- Improved mobile responsiveness across multiple pages for consistent cross-device performance.
- Implemented breakpoints, media queries, and layout adjustments to enhance accessibility and stability.
- Ensured UI alignment with design standards for a smoother and more polished browsing experience.

Project Experience

Employee Management System | Angular
- Developed a complete employee management dashboard with full CRUD capabilities.
- Built responsive, modular components using Angular with reactive forms for structured data entry.
- Implemented sorting, filtering, validation, and an efficient table interface for seamless data handling.
- Delivered clean, maintainable code using a structured module/component architecture.

EDUCATION

Bachelor of Engineering — Computer Science   2021–2024
SKN Sinhgad Institute of Technology & Science, Lonavala
CGPA: 7.46/10

Diploma in Computer Engineering   2018–2021
Vishweshwarayya Abhiyantriki Padvika Mahavidyalaya, Latur
Percentage: 85.94%

CERTIFICATIONS

- Tata Data Visualisation – Forage   Nov 2024
- Full Stack Course – Seven Mentor (Pune)   Mar 2025
- Mastering Angular – Udemy   Apr 2025
